When I came through RGC in March 2013. The Dental Exam discovered I was suffering from Advanced periodontal disease. I was never informed nor a treatment plan put in place to stop progression of the disease. I just found out about this from my attorney reviewing my Medical records for another case. for 4 years this disease has progressed without treatment. My teeth all hurt and are loose.

STEP II — Reason for Appeal I was not made aware of the neglect until 1-23-17 when my attorney wrote me with the information that was contained in my medical records. Therefore my filing a grievance on the same day the information came to me is in a timely manner. I don't control the decision to conceal medical information from me.

STEP III — Reason for Appeal I filed the grievance as soon as I found out that I had periodontal disease that was diagnosed in RGC & was never informed of this condition at the time. The process of informing inmates of diagnosed health conditions so O.O.C. does have to treat issues is wrong and happened here too. Me
